Select which notification you prefer

After you select notification, select the Add Selected Notifications button

If you want to REMOVE SMS notifications

The screenshot shows a user management interface. At the top, there is a header with a '+ Add new record' button. Below this is a table with columns for Name, Surname, Cell Phone Number, and Email Address. The user 'boipelo' with surname 'Huma' and cell number '27797932385' is selected. To the right of the user information are 'Update' and 'Cancel' buttons, and an 'Add Notifications' button. Below the user information is a list of notifications with a 'Description' column and 'Remove' buttons. The notifications listed are 'Bag Closure', 'CIT Pick Up', and 'Settlements'. At the bottom of the interface, there are navigation buttons and a status bar indicating '1 - 5 of 5 items'.

- You may remove SMS notification from an existing user
- All notifications can be removed or only the ones specified
